

Project Based Learning (PBL) Gallery Walk & Student Presentations

May 31st, 2017

Dear CDS Families,

I hope this e-mail finds you doing well as we quickly approach the end of the school year. I am e-mailing to invite you to a celebration of student work on **June 6th from 8:15-11am**. 7th and 8th grade students have been working independently in our Project Based Learning (PBL) course, developing ideas and researching ways to make the world a better place.

On Tuesday, June 6th, the 7th and 8th grade students will be presenting what they have learned and/or accomplished since the start of Term 3 to faculty, family and the entire middle school student body.

We believe this will also be a good opportunity for 6th grade parents who are interested in learning more about the PBL courses their children will take next year in 7th grade.

We invite you to come and celebrate with our students as they chart a course to change the world!

Best Regards,

Jason Musselman
PBL Coordinator
